LONDON, March 20.—The *Post's* Vienna correspondent says: The majority of Bulgarian delegates are expected to elect Alexander King of Bulgaria, as soon as the regents deem it fortunate.

LONDON, March 20.—It is reported that the Czar received a letter dated March 1st from the Executive of the Nihil Committee informing him that a sitting of the Committee on February 22d he was condemned to death, and that fifty members were appointed to execute the sentence.

LISBON, March 21.—The Crown Prince of Portugal has given birth to a son, and both mother and son are doing well.

WASHINGTON, March 21.—A great New York house received a telegram from its correspondent at Frankfurt, the effect that De Lesseps has ordered Germany an interest equal to twofifths of the whole of the inter-ocean canal; that he pointed out what a mad peace it would be between the two nations if they jointly owned and controlled such a work. He said that of the fifty-five miles in length twenty-seven were excavated ten feet and eight the entire depth, and that he had built a dam across the mouth of the work to prevent the sea water from coming in. There is every probability, the communication said, that the proposition would be accepted.

ROME, March 21.—The special delegate sent by the Vatican to convey its congratulations to Emperor William on the attainment of his nineteenth birthday, to-morrow, March 2d, telegraphs from Berlin that he has been very favorably received, and that he has had an audience with the Emperor, in order to personally present to him the autograph congratulation sent by the Pope.

A dispatch from Massowan says that General Gené, in order to obtain the release of Italian prisoners, delivered up six men of the Assortian tribe to Rasulula, who immediately beheaded them, and that the tribe then threatened to massacre the Italians, and a strong guard was therefore sent and brought them safely here. Abula still retains Savoioux as hostage for further demands.

ST. PETERSBURG, March 23.—It is reported that the police have discovered stores of dynamite and apparatus for the manufacture of bombs in several villas at Pargsevo, a summer resort in the suburbs of the Russian capital.

PARIS, March 23.—The *Le Paris* publishes a telegram from Lemberg, the capital of Galicia Austria, which says that on the 15th day of March attempt was made to upset a train conveying the Czar and Czarina to St. Petersburg, on their return from a visit to the Grand Duke Vladimir.

CONSTANTINOPLE, March 23.—The Russian Ambassador here Monday had an audience with the Sultan and declared to his Majesty that the mission of Rega Bey, the special Turkish agent in Bulgaria, had been useless and expressed dissatisfaction with the action of the Ottoman Ministry respecting Bulgarian troubles. Nididoff has sent a note to the Porte pressing Turkey for payment of arrears on the war indemnity due to Russia and lecturing the Porte for spending the money due Russia on the Turkish army and navy.

VIENNA, March 22.—A special from St. Petersburg asserts that one general officer in active service, three cavalry officers and seventeen infantry, artillery and engineer officers, have within the past forty-eight hours, been suddenly removed from their quarters and their whereabouts is unknown, with the exception of three, whose relatives state that they have been shot on alleged proof of treason. The second dispatch states that the Russian army is undoubtedly honeycombed with the revolutionary element and predicts a military rising unless the country very soon employs the disaffected troops in a campaign, at a distance from the scene of agitation.

PARIS, March 24.—The Cabinet, while it does not favor the principle of a sub-tax on foreign cattle, has resolved, in view of the prevailing low prices, to leave the decision of the question to the Chamber of Deputies.

PARIS, March 24.—Herold, an official in the French War Office, has been dismissed on the suspicion that he has been supplying secrets of the department to foreigners.

BERLIN, March 24.—The Emperor and Empress continue well. The Empress spent the morning in exchanging visits with the Queen of Roumania and Saxony and others. A musical service was given this evening at the palace, at which two hundred and sixty guests, including the Prince of Wales were present. Visitors are gradually leaving the city, which is assuming its usual aspect.

The *Sagblatte* says Bismarck's precise words at the recent banquet were, "Peace is completely assured; the year of 1887 will be a year of peace. There is no cause for anxiety in the East or in the West."

NEW YORK, March 24.—The *Star's* St. Petersburg special says: The students who were arrested with bombs in their possession, and who, it was proved, intended to attempt the assassination of the Czar, were secretly executed last Saturday. All officers of the army whose connection with the conspiracy has been confessed or proved have been summarily executed or exiled to Siberia. Only those suspected, and against whom no proof of actual complicity has been obtained, have been suffered to

remain at large, and these have all been removed to distant places.

LONDON, March 24.—Major-General Krock, Commander at Warsaw, is dead. A current rumor is that he was murdered.

An Astrakan band of nihilists made an underground passage to the Post Office, which they entered and robbed of letters to the value of \$125,000.

ROME, March 25th.—Cardinal Gibbons to-day formally took possession of the basilica of Santa Marie in Transverene as his titular church, with all the imposing ceremonies of the Catholic Church.

BERLIN, March 26th.—It is reported that Prince Bismarck's scheme to remodel the administration of Alsace-Lorraine will be presented in the Bundsrath next week. The *Cologne Gazette* publishes a forecast of the project. The most important political changes are that the existing Landes-ausschuss will be deprived of every vestige of legislative power, and the laws of Germany will be applicable in their entirety, all special local laws becoming abrogated and the Statthalter will be in direct and absolute dependence on the Imperial Chancellor. Prince Hohenlohe will retain his position as Statthalter. On his return to Strasburg Prince Hohenlohe will issue decrees regulating the rights of the societies.

On the Bourse the feeling of distrust as to the maintenance of prices continues. Business to day was in a state of absolute stagnation.

It transpires that Grand Duke Vladimir, who was credited with a mission looking to a renewal of the alliance of three Emperors, has denied that he had any object in coming to Berlin other than to be present at the anniversary of the Emperor's birth. The term of the Emperor's agreement expired last week, though official relations between the Governments of Berlin and St. Petersburg are good. The most recent overtures made to the Czar for a renewal of the alliance met with an absolute refusal.

ST. PETERSBURG, March 26th.—Eighty-seven torpedo vessels belonging to the Baltic fleet of the Russian navy have been ordered to be put in a state of constant readiness for service. Crews have been ordered forthwith for forty-five of these vessels.

BERLIN, March 26th.—The Reichstag to-day passed to its third reading the Budget with Budget bills and Loan bills. The Reichstag adjourned over the Easter holidays. The next sitting will be April 19th.

The Emperor being indisposed, the Empress yesterday accorded a rare well audience to Monsignor Galimberti, the special envoy of the Pope. In receiving him she said: "It seems to me as if I had known you a long time, Monsignor. In the name of the Emperor I beg you to thank the Holy Father. Tell him how great an interest we take in his person, and that we entertain the warmest wishes for his welfare." Monsignor Galimberti will take with him to Rome an autograph letter from Emperor William to the Pope. It is rumored that he will return to Berlin after Easter, when a better opportunity will be afforded for the settlement of political questions.

VIENNA, March 28th.—Thirteen Anarchists, convicted of complicity in the plot to set fire to the city and blow up the Imperial Palace at Schonbrunn with dynamite, have been sentenced to imprisonment at hard labor for terms ranging from one year to twenty years. One of them was acquitted.

ST. PETERSBURG, March 28th.—The Czar, replying to the address of students of the University congratulating him on his escape from the recent plot to assassinate him, says: "I thank the University and hope it will prove its relation to me by deeds, not merely on paper, and endeavor to efface the grave impression which the part a number of students took in the criminal design on my life has created in every one. May God bless and guide the University a right."

PARIS, March 28th.—A sensation has been caused by the publication of a reported conversation between M. Flourens, French Minister of Foreign Affairs, and the correspondent of the *Nouvelles Vremya* of St. Petersburg. The story is officially declared to be incorrect, but little value is attached to the denial. According to the published report, M. Flourens said: "I entered office with the full conviction that the key to the European policy was in St. Petersburg. While Russia is with us war with Germany is impossible. Germany, by chance her States disuniting, would suffer more than any other Power by defeat; therefore, she has no course but to live on good terms with Russia and with us. Russia came forward for us in a moment of danger, and we will not remain with folded arms should she be endangered." M. Flourens professed that he had little to fear from the new alliance of Italy, Austria and Germany. He believed the Bulgarians themselves or the Turkish Government would expel the Regents, and Russia would have no need to interfere in Bulgaria. He thought complications were not likely to arise between France and England, as England would sooner or later quit Egypt, and she could not dream of Continental contests.

PARIS, March 24.—The Cabinet, while it does not favor the principle of a sub-tax on foreign cattle, has resolved, in view of the prevailing low prices, to leave the decision of the question to the Chamber of Deputies.

PARIS, March 24.—Herold, an official in the French War Office, has been dismissed on the suspicion that he has been supplying secrets of the department to foreigners.

THE EQUITABLE
Life Assurance Society
—OF THE UNITED STATES—
120 Broadway, New York.
(ESTABLISHED IN 1859.)

Issues Policies on all the best Plans, among which are to be found many new departures, containing features not yet in use in other companies, aiming to the comfort and security of the POLICY HOLDERS.

This Company may be safely called the Pioneer in most of the important insurance reforms, and for this reason as well as many others, it now transacts the largest yearly business done by any one company in the world. Policies are both

NON-FORFEITABLE AND INDISPUTABLE.

ASSETS, JANUARY 1, 1886 : - \$66,553,387.50
LIABILITIES, 4 per cent. valuation : - \$52,691,148.37
SURPLUS : - - - \$13,862,239.13

(SURPLUS ON N. Y. Standard 4 1/2 per cent. interest, \$17,495,329.40.)

Surplus over Liabilities, on every standard of valuation, larger than that of any other life insurance company.

NEW ASSURANCE IN 1885 : - \$6,011,378.00
OUTSTANDING ASSURANCE : - \$57,338,246.00
Total paid Policyholders in 1885 : - 7,138,689.05
Paid Policyholders since organization : - 88,211,175.63
Income : - 16,590,053.13

EVERY POLICY BECOMES INCONTESTABLE

As soon as it has been three years in force, and it is a part of the written agreement that every incontestable policy shall be paid, without rebate of interest, immediately upon the receipt by the Society of satisfactory proofs of death.

Of 1,043 death claims, amounting to \$3,943,892, paid in 1885.

422 were paid the very day proofs were received; amount, \$1,598,293.

731 were paid within 3 days after receipt; amount, \$2,345,599.

836 within 10 days; amount, \$3,017,769.

1,002 within 60 days; amount, \$3,760,332.

40 after 60 days; amount, \$183,300.

No other Company can show a Record for Promptness approaching that of the EQUITABLE.

Even the brief delays indicated above, were owing to the failure of claimants, chiefly at remote points, to furnish promptly the requisite legal release, and not to any lack of promptness on the part of the Society.

CONTESTED CLAIMS—NONE.

The Society issues a plain and simple contract of Assurance, free from burdensome and technical conditions. NON-FORFEITABLE and INCONTESTABLE after three years.

All Policies as soon as they become incontestable are Payable IMMEDIATELY upon the receipt of satisfactory proofs of death, and without the delay of sixty or ninety days, usual with other companies.

Equitable Life Assurance Society OF THE UNITED STATES.

From the beginning, the Equitable has been the pioneer in all reforms affecting the security, convenience, and advantage of policy holders. It was the first company to issue incontestable policies; the first to make such policies payable immediately, instead of after the delay of a stipulated number of months; the first to simplify the policy contract, and remove from the business technical and confusing complications; the first to apply the Tontine principle to life assurance; the first to issue a policy guaranteeing the payment of the entire reserve and a full share of the accumulated profits to each policy holder at the end of a stipulated period the first to introduce the Semi-Tontine policy, which, in addition to all the ultimate advantages secured under the Tontine system, is "non-forfeiting," and has a surrender value during its earlier years.

During the twenty-six years and a half of its history, it has written \$105,000,000 more of assurance than any other company during the same period!

No other company has approached the Equitable in the success achieved and surplus accumulated, and the results of management in the past furnish the best guarantee for the future, to intending assurers.
